Memorandum submitted by the Karkala Government Hospital Advisory Committee.

The Honourable Minister for public Health, Shri A.B.Shetty, during visit to Karkala.

Honoured Sir,

We, the members of the Karkala Government Hospital Advisory Committee have great pleasure to extend to you a hearty welcome on this occasion of your official visit to this historic city of Karkala and place before you the following facts for your kind consideration.

1. We are very happy to bring to your notice that ever since the Hospital was taken over by the --- Government it has become very popular and the number of -- patients attending is appreciably on the increase. We --- thank you for having extended the working hours of the -- Dental Clinic attached to the Hospital . But the -- accommodation is very limited. At present the extent of land at the disposal of the Hospital is very much limited; there is a vast stretch of land on the East adjoining the Hospital compound. About 3 acres of land out of this may be acquired. The land being not very valuable, the compensation may not be much. Further, the adjoining plots --- contain a number of huts occupied by Harijans and other -- poor people rendering the entire locality unhealthy. --- Acquisition of adjoining plots and extending the Hospital compound on the East is an urgent necessity and the --- Government may be pleased to implement this proposal of the Committee at an early date.

A

2. The Hospital is in urgent need of quarters for the Doctors, the nursing staff and the medical staff. -- Owing to the increase in attendance of the patients their services are needed at all hours. At present the two --- doctors and the two staff nurses are putting up about a mile away. There are no decent buildings in the immediate vicinity of the Hospital. It is in fitness of things that the --- doctors and the nursing staff should be provided with quarters in the Hospital premises for the efficient working of the -- institution. If the adjoining plot is acquired, quarters could be put up there.

3. At present there is no retiring room for --- doctors and the nursing staff. It is a great necessity. The Government may be pleased to make provision at least for two rooms when the work of extension is taken up.

4. The necessity for screening is increasing. There is no X ray plant in Karkala. We humbly request you to order to provide the hospital with one.

5. The present dispensary building is very small, and there is not enough elbow space for the doctors to move about. We submit that the existing building may be suitably reconditioned and extended.

6. In spite of the extension effected by the Community Projects the accommodation for the in-patients is not adequate. Hence the need arises for further -- extending the in-patients' wards.

7. There is only one compounder at present who is also attending to the clerical work. He cannot cope

with work. One more compounder or a clerk may be kindly sanctioned.

8. These are the minimum demands we beg to urge. At the same time we are aware of the paucity of funds at the disposal of the Government but it is unnecessary for us to emphasise that medical relief always calls for --- priority. We pray for a sympathetic consideration of -- the above proposals and an early implementation thereof.

We thank you again for the opportunity -- afforded to us to meet you personally and submit some of our urgent needs.

We beg to remain,
Honoured sir,
Yours faithfully,

A.K. Muneer Hasan
D. Venkatesa Rao.

Ref.No.43984-M-55 dated 27-7-55

--

Sir,

Sub: Government Hospital, Karkal - Improvements -
Ref: Government Endorsement No.44063-H.II/55-1-Health dated 9-5-55.

I forward herewith for the information a Government a copyof letter C.No.7486/C3/55 dated 10-6-55 received from the District Medical Officer, South Kanara furnishing a list of improvements required for the Government Hospital, Karkala. The District Medical Officer is being requested to furnish detailed proposals for the serveral improvements suggested with plans and estimates etc.

Yours faithfully,

FOR DIRECTOR OF MEDICAL SERVICES

Copy of Letter C.No.7486-C3-55 dated 10-6-1955 From The District Medical Officer, South Kanara, Mangalore to The Director of Medical Services, Madras-6.

Sub: Government Hospital, Karkal - Remarks on the Memorandum submitted by the Hospital Advisory Committee - Karkal - Offered -
Ref: Your Memo.Ref.No.43884-M/55 dated 19-5-55.

I inspected the Government Hospital, Karkala on 7-6-1955. The compound area of the Government Hospital, Karkal is about one acre and the existing buildings have been specially built, are rather crowded now. As suggested by the Hospital Advisory Committee, Karkal in para 1 of their Memorandum, I feel that it is necessary that at least 2 to 3 acres of the adjoining land on the east should be acquired. It is understood that this would entail an expenditure of about Rs.4500/- (Rupees four thousand and five hundred).

2. When the new block constructed by the Community Project funds accommodating 16 beds is opened the total bed strength of this Hospital will be 38 (i.e. existing 22 plus 16). In order to extend the Medical aid to the patients at all hours for emergency cases it is necessary that quarters for 2 Civil Assistant Surgeons and 3 Nurses should be provided in the hospital premises. Along with this the question of building quarters for the hospital staff too should be considered.

3. As regards the providing of an X.Ray plant, I am of opinion that this question may be taken up when the hospital is electrified.

4. The compound wall on the sothern perimeter should be taken up and completed soon. This should be of a sufficient height to stop tresspassers. The existing out-patient block which might have been suitable when it was origianlly built some 50 years ago is not so now and therefore a new block is necessary. This should accommodate the Medical Officers consulting rooms, a small O.P. operation theatre room, a laboratory and a hospital office with a room for the Medical officers. This may be located as an extension on the western side of the present out-patient block. The Medical Officer's office, clerk's room, record room and a lavatory cum bath room should be on the 1st floor. The entry for this to be made by steps from the road.

Operation Theatre block: - needs extension of one sterilising room and one room for keeping the theatre instruments and othe for keeping linen. It should be on the western side of the present theatre and not on the southern side for the following reasons. In this case the theatre would be merely a passage and the only entry into the sterlising room would be through the theatre. This is not desireable. It is built as suggested by me the sterlising room would have a seperate access.

A small or medium sized referigerator would be necessary for efficient storage of sera and vaccines and drugs. The question may be taken up when the hospital is electrified.

The kitchen is suitable. But one great defect is, it has not been provided with a chimney. This may be done by addressing the Exemutive Engineer.

The existing well should be provided with a small ½ H.P. Electric pump with an overhead tank. Running water should be provided to all the blocks. I do not think this would be difficult at all since the buildings are so situated that it could be done with a minimum of poping. The work may cost about Rs.10,000/-. All the old buildings should be reparied and painted to have an appearance of a Hospital.

The large window of the Post-mortem room of the western side should have fly proofed gauze. The rest of the windows are provided with theses.

With reference to the para 7 of the Memorandum of the hospital Advisory Committee, Karkal I feel that two more compounders or at least one clark and one compounder are necessary to cope up with the work of the hospital.

5. In addition to the above I suggest that all the buildings of the hospital may be electrified. A name board of suitable dimensions is a necessity to indivate the name of the hospital and another board to indicate the details such as O.P. hours etc.

Lastly I wish to add that this taluk headquarters is a pilgrim centre and a major panchayat having a population of 33,000. The institution was provincialised on 1-6-1951. This has a sanctioned bed strength of 33 and a new ward with 16 beds constructed by the Community project is ready for occupation. There is O.P. attendance of 300. This hospital is in the community project area and some funds are available from this. I feel that the demands made by the public are reasonable and this opportunity should be availed of to develop this institution into a efficient and small hospital.

Ref:-This office letter Ref.No.43984-P.& D.55.,dated 29-3-56.

In continuation of this office letter cited, I forward herewith for the information of Government copies of each of letter C.No.5438-G1.56,dated 20-3-1956 together with its enclosure and letter C.No.6682/G1.56,dated 31-3-1956 together with its enclosure on the above subject,regarding ceiling fan in the Dental clinic.Necessary plan and estimate will be obtained and submitted.

My further reply regarding the plans and estimates will be sent to Government shortly.

Yours faithfully,

for Director of Medical Services.

Copy of letter G.No.5438-G1-56,dated 20-3-56 of the District Medical Officer,South Kanara,Mangalore.

Sub:-Dental Department - Govt.Hospital,Karkal -providing ceiling fan - requested -

While enclosing herewith a copy of the letter dated 9-3---1956 from the Dental Surgeon and the endorsement of the Medical Officer,Govt.Hospital,Karkal in respect of the urgent requirement of a ceiling fan for the Dental Department, I wish to offer the following remarks.

The dental clinic which is housed in a room which was formerly a post mortem shed, has a very low tiled roof which gets hot quickly especially in the summer. Having no ceiling of any type, the occupants have to undergo considerable hardships on account of scorching heat of the sun. The condition is still aggravated when the room is over-crowded with a large number of patients.

I therefore request that sanction may kindly be accorded at an early date for the installation of a ceiling fan. The work of electrification of the Hospital has already been commenced.

Copy of letter dated 9-3-56 from the Dental Surgeon Govt.Hospital,Karkal.

Sub:-Dental Department, Govt.Hospital,Karkal - providing of ceiling fan.

I wish to draw your kind attention that a ceiling fan is very urgently required in the Dental clinic.

p.t.o.

29

The Dental clinic is housed in a room which was formerly the postmortem room in the hospital. It has a very low tiled roof which gets hot quickly especially during summer There is neither a tiled ceiling nor a wooden ceiling to protect the occupants against the scorching heat of the sun. This has been causing me great exhaustion, especially when there is pressure of work and I am required to stay in beyond the scheduled hours.

I may further add that the hot atmosphere of the clinic has been the subject matter of complaints from patients when they are in large numbers waiting for their turn.

I therefore request you to consider the above matter favourably and order for a ceiling fan for the Dental clinic immediately and oblige. The work of electrifying thehospital has already commenced. If the fan applied for is sanctioned expeditiously it will facilitate its installation along with the other electrical fittings which are presently going on in thehospital.

Copy of the Endt.from the Medical Officer,Govt. Hospital,Karkal.

--

Recommended and submitted to the District Medical Officer, South Kanara, Mangalore. The facts mentioned above may be taken up consideration and favourable orders may be passed sanctioning a ceiling fan to the Dental Department.

Copy of letter C.No.6682-G1.56,dated 31-3-1956 of the District Medical Officer,South Kanara,Mangalore.

addressed to the Secretary to Government, Health Education and Local Administration Department (copy sent to this office)

With reference to your letter cited, I am to state that a reply on the subject has been already sent to you in this office letter C. No.7466/G1/56 dated 10-4-56

2 The matter is still under correspondence with the Executive Engineer, P.W.D. South Kanara Division, Mangalore who is being repeatedly reminded by this office for the necessary plans and estimates. The estimates etc. will be forwarded to you immediately after they are received here.

3 With regards to the provisions of ceiling fan to the Dental Clinic attached to the Government Hospital, Karkal, I have to state that there is a proposal on hand to provide two control fans to the out-patient Medical Officers' room. As the room is too small (15' x 20') to accommodate two fans, it was suggested to install one of the two fans in the Dental Clinic. The Electrical Engineer, (General) Chepauk, Madras-5 who was consulted in the matter has informed that the modification from the Government for the proposed alteration of the fans, is necessary. I therefore request you to kindly address the Government to obtain necessary approval for the proposed alteration.

A copy of letter No.T.626/344-H dated 7-4-56 from the Electrical Engineer (General), Madras-5 is appended below for your reference.

Copy of letter No.T.626/344-H dated 7-4-56 from the Electrical Engineer, (General), Chepauk, Madras-5 to the Medical Officer, Government Hospital, Karkal.

Ref:- Your letter No.C.No.486/56 dated 21-3-56

With reference to above, I would request you to get the modification from the Government for the proposed alteration of the ceiling fans, on receipt of which necessary action will be taken up.

An urgent reply is requested.

Resolution No. 1:- xx xx xx xx xx xx xx xx

2. Resolved to request the District Collector of South Kanara, Mangalore, to include the Laying of the Foundation Stone of the New Extension Building to the Karkala Govt. Hospital, Which has been approved by the Govt. In their Memo No. 51556-HII/56-2 Health dated 15-6-1956- 20 Bed ward, in the programme of- . " HIS EXCELLENCY THE GOVERNOR OF MADRAS" in his forthcoming visit to the District, preferably on the 23 rd of September, 1956, on his way back from Manipal.

All correspondence in this matter may kindly be addressed to Sri. A.S. Khurshid Hasan, Karkala, Secretary of the above committee.

N.M. Adyanthay

Chairman.

Copies to:-

1) The Honorable Minister for Public Health, Govt. of Madras, (Camp at Mangalore)

2) The Director of Medical Services, Madras-6.

3) The District Medical Officer, South Kanara, Mangalore-1.

4) The Executive Engineer, South Kanara Division, Mangalore (P.W.D.)

5) The Medical Officer, Govt. Hospital, Karkala.

6) The Tahsildar of Karkala Taluk, Karkala.

Note on the improvements to the Taluk Headquarters Hospital, Karkala.

49

1. Buildings to be taken up immediately during the year 1956-57.

Construction of an additional ward of 20 beds :- Govt. in their Memo No. 51556-H-2/56-2 Health dated 15-6-1956 have approved the construction of a ward of 20 beds in the Taluk Headquarters Hospital, Karkala for consideration in the year 1956-57 itself.

The Execkutive Engineer has prepared the Detailed Plans and Estimates Based on type design C.A. 329/1951 (S.K. No. 96/56) amounting to Rupees 55,000/- If immediate sanction is given within the 2nd week of this month (at least Telegraphically) the laying of The Foundation Stone Ceremony can be included in the impending tour Programme of His Excellency the Governer of Madras, on about the 20 th of this month. The District Medical Officer, South Kanara, Mangalore, will be requested to send up the estimates immediately, to the Director of Medical Services, for obtaining the immediate administrative approval of the Government.

In gx regard to the site, due to want of space within the Hospital Compound, the orientation of the Proposed Block is made in such way that the existing entrance of the Main gate way is blocked. The owner of th e Private land adjoining the Hospital Compound on the west has consented to give the land for right of path way or for full acquisition. Sri. N. M. Adyanthaya, B.A.B.L., vice President of the Karkala Panchayat Board, has agreed to obtain the consent statement from the party concerned.

II. EXTENTION OF THE TALUK HEADQUARTERS HOSPITAL, AT KARKALA.

The Executive Engineer has sent up an estimate for Rupees 2.4 lakhs, for acquisition of about 4 acres of land on the eastern and southern sides of the Existing Hospital, Buildings and also for the construction of several additional blocks like operation theatre, T.B. Clinic, a separate Out- Patient Block, Quaters for Medical Officers and Nurses. The District Medical Officer, has forwarded this estimate to Director of Medical Services, Madras, for necessary action. The Govt. may please sanction thsis scheme urgently at least before the end of September,

III. CONSTRUCTION OF MASONRY COMPOUND WALL FOR THE HOSPITAL.

The Karkala Hospital, is without a compound wall on western and southern sides, with result the cattle and passers-by tress-pass through the compound of the Hospital, Hence a compound wall is quite essential for this Hospital. It is also learnt that the Executive Engineer, P.W.D. has sent up an approximate estimate with plans for Rupees 2,500/- for this work, which requires Govt. Sanction. Hence the Govt. may kindly be moved to sanction this also by the end of this month.

PROCEEDINGS OF THE MEETING OF THE CITIZENS OF KARKALA TOWN HELD ON 2-9-1956 -O NOON AT THE PREMISES OF THE GOVT. HOSPITAL. KARKALA.

Sri. N.M. Adyanthaya, B.A.B.L., Advocate and Vice President, Karkala Panchayat Board, Presiding.

1. Resolved to form a RECEPTION COMMITTEE of the following members for the purpose of arranging to lay the Foundation Stone of the New Building of the Govt. Hospital, Karkala, and to accord A Receiption to HIS EXCELLENCY THE GOVERNOR OF MADRAS, who will be requested to lay the Foundation stone, with power to copt.

Note for Ministers.

Sub: Buildings - South Kanara District - Karkala Government Hospital - Construction of an additional ward of 20 beds.

The Karkala Govt. Hospital Advisory Committee submitted to the Minister for Health on 26-4-1955 a memorandum requesting certain improvements including provision of addl. accommodation to the Govt. Hospital, Karkala, South KanaraDistrict. The Director of Medical Services who was consulted in the matter submitted proposals for the construction of a ward of 20 beds in the Govt. Hospital, Karkala, at an estimated cost of Rs.56,000/-. As there was urgent need for the additional accommodation in the Hospital, this department agreed to the proposal of the D.M.S. and the P.W. and Finance Departments also agreed to it. Orders have accordingly been issued in G.O.No.4448 P.W. d/26-10-56 sanctioning an expenditure of Rs.56,000/- for the construction of an addl. ward of 20 beds in the Govt. Hospital, Karkala, South Kanara District.

Ordinarily the proposal should have been placed before the S.F.C. and the Cabinet for orders. In view of the urgency 'short circuit' procedure was followed in this case and orders were taken by circulating the case to M.(H.), M.(F. & E.), M.(W.) and C.M.

The note above is circulated to other Ministers who have not seen the case and to the Fin. Secretary and the Chief Secretary for information.

C.No:44263/55

From the Public of Karkala date d 2-9-56.

GOVERNMENT HOSPITAL AT KARKALA (S.KANARA DT.) IMPROVEMENTS.

The Karkala Govt. Hospital Advisory Committee submitted to the Minister for Health on 26-4-55 a memorandum requesting the following improvements to the Govt. Hospital, Karkala :-

(i) Acquisition of neighbouring land for the expansion of the hospital.

(ii) Construction of additional buildings

(iii) Construction of quarters for the hospital staff

(iv) Provision of an X-ray plant in the hospital.

(v) Employment of additional staff.

The Dt.Medical Officer, S.Kanara, reported that the abbve improvements are necessary for the hospital. He also reported that the operation theatre of the hospital needs expansion. The Director of Medical Services stated that detailed proposals in the matter will be submitted to Govt. The proposals are awaited.

The D.M.S. proposed in another connection that an additional ward of 20 beds might be constructed in certain Taluk Headquarters Hospitals including the hospital at Karkala. He was then asked to submit to Govt. detailed proposals in the matter. The proposals are awaited.

The citizens of Karkala have now requested that the Govt. Hospital at Karkala may be improved by providing additional accommodation in the hospital, quarters for the hospital staff, compound wall etc. It has also been requested that the Governor of Madras may lay the foundation stone for the proposed new ward of 20 beds in the hospital during his visit to the district during Septr.1956.

There seems to be no space in the hospital compound for the construction of additional buildings. Proposals for the ~~improvement~~ acquisition of land or for the construction of additional buildings in the hospital have not yet been received from the P.M.S. It is seen from the note on p 49 c.f. that the new block of 20 beds is to be constructed within the hospital compound itself. If it is so, there seems to be no objection in laying the foundation stone for the new block within the hospital compound.

The case may be circulated to the Governor through the Minister for Health to indicate the date & time convenient to the Governor agrees ~~on which it will be possible~~ to lay the foundation stone for the building. After the return of the file from circulation instructions may be issued to the C.E.PWD(Genl) to make necessary arrangements for the function. For orders.

There is need for additional accommodation in the hospital. It is, therefore, proposed to approve of the proposal to construct a new ward of 20 beds for the hospital. The P.H. dept and the Fin. dept have agreed to it.

1/5 and 6 ibid

Ordinarily the proposal will have to be placed before the S.F.C. and the Cabinet for orders. In view of the urgency it is proposed to follow the 'short circuit' procedure in this case. The Fin. dept. have agreed to it. .....

1/5 anti

The case may be circulated to M(H), M(F&E), M(W) and C.M. for approval of the above proposal. After getting their orders a note will be circulated to other Ministers who have not yet seen the case, the Fin. Secy. and the Chief Secy.

19/9/56

19.9.56

The proposal may be approved and orders issued following the Short circuit procedure.
